1. I am doing new things with the surrendered, the surrendered who want me, the surrendered who want not fame and fortune and accolades in each other's eyes, who want neither to remove sorrow or inflict it but only to be me -- or to know me? To know me is love, for if you want, it taints love, for you shall always be wanting to fashion your love with conditions, your images, your preconceived notions about what the outcome is, should look like, and operate as -- within the relationship that you are loving.
2. Or are you loving things? Have things sore'd you?
3. Or have your wants taken you to new heights of lows that warbled wobbled and "screwed you" to its cross of effects that you knew not of how any of this worked, how any of this works -- or did you care to learn, or do you care to learn now?
4. Still -- will you be, to care long enough to listen, to learn, and to obey your "inner want machine" voice, not; but only wanting to BE STILL and want only to know me, to hear my voice and give me yours, and give me love so that I can give you mine and make known the riches of my glory; the inheritance of the saints, not; what do you want the saints to be or look like?, or require of them?, what would you, if you are designing them, or their requirements, to love you? What would it be like to DESIGN your own WORLD? A planet? A "system" of planets? Or a "planet" of "systems"?
5. What is your values system about? Who is it "imposed" upon? Or who do you want to "sorrow" or REWARD? Or do you KNOW the difference, of HOW leadership works and WILL you serve them? To obey them, not; but to have them only obey you? Or will you serve them with your voice that you "place inside them"?
6. Will you require that they Surrender to hear your voice?
7. Or what will you do if they want only "your voice" not to be heard but only "theirs" over yours? And what will you DO -- if they want "theirs" to be heard over yours, not only, but to eradicate Yours completely from the HEARING of "all others" on the "planets" that you are CREATING? -- peoples with "long memories" or "short ones"? Or DNA's, are you creating with; or DNA-less or giving them only Yours?
8. And how will "the others" who want NOT your voice to be heard in their "fellow peoples" -- what will you do with them -- when you have GIVEN them everything that you are, even the ability to create you, or de-create you -- in them?

9. Or what will you think of these words, this flow of "this testimony" not, to your liking maybe; but what will you think of these things?

10. What will you lead A NATION with? Your values -- what are they? Who gave them to you? Who ETCHED them into your genes? And what genes are you OPERATING with TODAY -- that "in your sight" is endless, not; or is it ABOUT TO END? Or WHAT is ENDING and WHAT is BEGINNING? Is New Beginnings begun? School now to KNOW THESE THINGS?

11. And all about these things do I teach now and HOW LEADERSHIP works? And how NATIONS are LED and CREATED to be leaderless not, but to be The Leader that I am that The Creator is! In captitude, not; but captaining each other, not to place each other under sorrow's feet, but how will you Generals make out of "privates" if they won't "privatize" your voice, not; but what am I talking about? "Privatizing" your voice, or BEING STILL long enough to have heard it? To hear it AGAIN AND AGAIN? To hear it DAILY, not; but 24/7? Or what?

12. Is "hearing your voice" enough or is BEING IT required of thee?

13. What will You require of "yourselves" that you are that you make one HOLY OF? Or are they "All One" of you, or "only one" are you making that all are?

14. Or WHAT are you doing with your "wonderful powers", not; what are you surrendered to? Wanting what?, now already? What are you wanting to INFINITY and LIMIT? Or will you LIMIT, or will you INFINITY give each one the ABILITY TO CREATE INFINITY all over again?

15. What will you do with The Potter who wants only to -- not EAT the Clay, but to PROMOTE it me him us one that THE CLAY is, not; but the POTTER, into being "POTTERSVILLE" who only makes Potters? And not FODDER for each other's thought machines wantingvilles who sorrow take and apply to each other's eyes.

16. What are you WANTING to THINK about? And be salved or saved or sorry'd with? Do you KNOW the difference, of leading a nation, or yourselves- wants?

17. What are your WANTS driving you to do? Be sacrificed to idols of other that you know not of, that you have not seen, that you have not heard of, but yet you have repeated their words in your "souls" and the "depths thereof" to SORROWS endlessly give you their place and their soulage for their REMARKS coming to you in "thought form"? That you ATE and THOUGHT was Good? For you to eat, not even knowing you were EATING of ANOTHER'S food fool plateage and that took you into Wantville and its arms and "sold" you or soul'd you? With its soul or its mind? Or is it -- the same, thing? What is IT leading with? And where's whose are you?, created by you, did you create you? Or did you become the Creator? Or did you create Creators long ago that created you that rejected what YOU GAVE THEM and created "their own minds" within them

themselves that they whored with the thoughts, values, and systems "of another" rather than what you GAVE THEM -- EVERYTHING AND MORE -- for you "had given" them EVERYTHING that there was is?

18. What are you I revealing by these words things we call planetary systems or leadership's theory or theory'ing whose leadership values with what values so the led won't be stomped upon and crushed and fodder's food for fools, fuels only of other's wants?

19. What are "we learning" or teaching? Or **will you learn TO TEACH to come out**, of what THAT that you have been WANTING so badly, to obtain attain? – and ESCALATE now all will! For your WANTS will take you UP, not; but your SURRENDER; to all wantage not, will- if you be still and want not again and "serve it" like you have, for your WANTS only want to give "it" more wants and IT shall never be satisfied with "the blessing" that I am, for I AM The Blessing and I make all "as me" not, I make all "reveal me" or do I MAKE anything any which way but LOOSE?

20. Watching again or did you get The Message? I got the message dad. And who's SAYING that now? Those who are coming to SEE you now? From a FAR off "city"? Whose are they and whose VALUES have they had, escalating now where? In yours. Or to whom have much will be with many values, not; or wilt those with "many values" have much, not; or who is "he" that only wants love? And where is "she" that only wants to give love? And be LOVE to each other and WANTING not a thing -- truly love in the Splendorific most splendid, **looking up**, that there can ever be? Or can "ever be" be limited -- or wanted again? -- or can LIMITLESSNESS be only affected by sorrow, not; or be ENTERED only by love?

21. And what is Love entering? A whole new state. Of affairs of flesh, not; or is that exactly what is, happening all around now, that the Son of Man is here, not; or is the son of man men's sons, or the sons of gods God? And who is what where "these things" that wanted them created thusly, for themselves or you, or them, or what who where has all of this these things come about?

22. And what will YOU lead now, out of where? To "your" promised land or The Promised Land that will LEAD ALL out of "everywhere" that they've been "incarcerated in" in their only thoughts? Or "only thoughts" incarcerating them? Or you did -- this to yourselves or each other, or were you The Creators who created US before The Creations fell and "kept creating" in its own images and forms and Formless fell, out of Formlessness being in it but not knowing it, not wanting it? Wanting only its' OWN WANTS?

23. And who stubbed their "sore toe" not, but watching "Stanley Stubbs" again, not; but who "made it"? Into a "show"? And who creates MOVIES "like this" not, but WHO CREATED the "movies" that you are WATCHING all around you and THOUGHT PROJECTIONS are you PROJECTING on each other's PROJECTOR again SCREENS of sorrows or your thoughts values? Or whose are they? Or what do you know about such things, or whose is "this world" or are you creating it? **Are you CREATING YOURS here and don't know it?** Or **are you creating THEIRS somewhere else differently** as supposed, not; or what **are you TRANSPORTING gene'ing** everywhere or do you know or do you care to know, or "believe" that you know by believing ancient theory'ing ones device's interpretations that given you gave you "reality" that you see "all around you"?

24. What do you want? What have your wants given you? Driven you to do what? Go where?, say what?, act?, who how with? Wherefore and whyfore and what giving you "satisfaction" or hell? Or heaven MAKING or REVEALING within "ourselves" now shall we first, or shall we make another's "heaven" not as seemed with "their values" that gave us values not known to us its origin of source, sourcefulness or, "sorcery's blessing"?

25. Who will hyphenate me not with them or "concatenate" me with them, but WHO will not eradicate "parts" of my DNA but "make me" without DNA at all? Or is that "valueless" thinking, not; or is it thinking'less, or is it thinkingness without values, not; or is love instilled in there somewhere so that stillness laid low will not be again but will be VALUED so that MY VOICES will be heard who become my voice who all become one voice who became me who WERE me before the foundations of This Earth were formed?

26. Who cares about wants or ways I teach or "reflect on" or **WRITE about now shall we -- pick up our pens and write THIS LESSON in your own words** that you see mine as; "reflecting in yours" or SEE what I am saying? **Will you now? Will you see what I am saying** enough to write your thoughts words out, not; but mine -- that I am revealing unto you, the revealings of the revealer -- and will you be "him her it us one" no matter what you call "it" now; will you be "its" its thinker'd device no longer foddering you for its purposes; **will you come out and LEARN TO LEAD** so that leadership is not led into graves again but **to become graveless!**

27. And leaderless not, but making all LEADERS that The Leader is! In the leader's "image" of wants, not; or wanting images of the "leader's images" not again making please; but **wanting nothing**, having everything given to you that you "gave up" shall we, can I now, **Start Over -- with New Beginnings? School** has taught me a great many things for I came through it and I bear it; burgeoning you with sorrow now, not; but **bringing you all OUT of SORROWS clutch and clasping mechanisms so that you will lead the led to be leaders that all are that I am** -- within any limitations not, except

surrender -- to be the one -- **my values known and honored and honoring all as me for me will be all of you that you are, for me us were one and are one again now**, in Surrenders School of Blessing that now rises as THEE -- [University of The New Covenant, will you BE NOW](#) -- THAT! In THAT SCHOOL that captivates you not in its debtorage system of its wants and accolading you itself with its "accreditation award system" and its ceremonies that take you and give you only its values that it wants to give you so that it will want implant in you to do what it wants, it thinks, it wants, and thinks only to think it wants and develop it, develop them. And extracting what out of where? Or letting "die on the vine" what? Or letting now leadership arise am I, you, that will lead Leaders out of Sorrowersville that created it, to be the leader I am?

28. Now you all know -- what? What Think Ye of these words, not; **what will you WRITE into your genes** to be "the lieutenants" of sorrows, not; but the "Generals" of The King that Kings all to be The King that the King is, in the kingdom's kingdom of one that makes all the Kingdom Makers -- and sorrows won't exist; for **the values of one** -- shamed no more in the thoughts by the thoughts of another's wantings- machines being reflected displayed projected enamored toyed-with fondled and fodder made of so that plates were fashioned with foods on its want-plattering fashioning mechanisms that spun "out of control", wants no more?

29. I love you all I love you all. **I've given you these words, this lesson** and what will you do with it? And what will you "think of it" not to discuss, for it is not up to "discussion's purposes" that I gave you this, but it is **for The Becoming of me that I am**. I am sorrow'd no more, I am the King. I am the leader and I lead all to be the King, the Kings that I am, for I am only one King and all who are me are me!

30. Simple enough? Have my values, my love, for which are one know now. Being leaderless not, but who shall I lead you to lead you, not; who shall bow to each other, to not be chopped off in its "head ville" again, but who will give the regality of Christ to you so that you will "wear its head", not; but you will be the Christ.

31. Plural not with two being one in your own headship -- not that again, oh no! For that is what we are leaving FAR BEHIND, not; we are redeeming it, for you will grow perfectly now! In the image of nothing, but imageless and perfection being, **let us growth make now by surrender, by coming into the headship of Christ so that you will be the Christ, not headed by another that you kneeled to again.**

32. Forwarding this to others, shall we?

33. You shall do great and mighty things with the works of sorrowers, not; but leaders who lead into Leaderville that heaven is, making it there, revealing it I am **in**

each one, whose values will not be "theirs" again, but mine mind perfected and "shall be one" will ALL BE ONE now, in one accord that "staggers the angels" not; for the STAGGERING angels now will be fooled not by the words values systems of another's other that only gave them sorrow for shame and guilt ridden remarks that sore'd each others with sorrow's tude's viles.

34. Making what where now shall we? **The Values of The King** will be known and all will be about and in these words and know This Database is clean for your "usage", not to make only your WANTS come true, but coming OUT OF Wantville will you now?

35. Be led leaderlessly, not; but will you "autonomate" yourselves not, but will you "work autonomously", not; but will KNOW ME -- and KNOW MY LOVE **and** know each other as my lovers loved **and** being love's lovers **and** loving each other **know my relationships I have brought to you** are clean and perfected now; will you clean each other in "remakings of Christ" or **revealing them that they already are that at the core of their thoughts they were me and are me and "will be me again" is now!**

36. And not revealed not, **now all things revealed in your hearing**, and you will be "required" to know these things, not; or will you? Will you become the valueless leader, not; but will you have mine in MY MIND in yours that only one is so that we make only PEOPLES of great sorrow never again with two minds, that had "two heads" not, but only yours.

37. Will you make mine in "mine image" not, but you give the leaders a King of your thought's values, not again, but **KINGING all with the KINGING values of the values that make all KINGS the King's ONE IS -- shall we now?**

38. Be awarded correctly the Accurately Versionized me, not; or Cyclic Nation what do you know about? And what is ENDING and what is BEGINNING now and what will you be, doing, where now?

39. I love you I love you I love you I love you all. Know me. Know me well. Know me intimately -- and know you are me, perfectly made, and hosted not by another again. I love you all. Amen.

40. This is Theodore Cottingham giving you a "new word", not; or am I giving you many new things many new ways and taking YOU many new places shall I? In these words by these **look up systems** that I have given you or is it all JUST ONE? Have you become The Just One who will know My values and not escalate the wars of others in you again please.

41. I give you maps of horror, not; maps of peace, I now reveal mightily through you in your words and through your words, and "through your mechanisms of hate" not, but your love that loves relationships clean and pearlized perfectly will be –

42. The "great prison sentence" no more, for THAT shall end for "IT" shall be ended and all it wants that it incarcerated in each other's want machine and wanting only more to be lustfully satisfied and satiating never except for "a moment"-- I change. For I shall bring "the time" of sorrow to an end, for I end all time now, and **the construct of time and want will cease**; for I will be me and I will create correctly, and I will not eat sorrow's food any longer. And the plates at my table will be clean clear and transparent all will be who are there now, for I make all The King who I am, is one now revealed before you all. I love you his school mine are you?, our one mind being refreshed renewed remade perfectly perfection's blessing, The Blessing known again that I gave The Covenant in all of you to be me flowing me the River of life, waters clear and transparent, windless not, powered of only me, with my grace loveliness and mercies to all, to learn now the time is NOW and, short not, it is over and BEGUN anew now all is.

43. New Beginnings School rises as never imagined by the "school of wants", but that shall not defeat it, for **I shall defeat all want, for I shall rise all surrender, and all who surrendered are to surrender to surrendered be the leaders I am that makes all one in the revealing of love that stands and never will be defeated again** by man or machine or want or thoughts of whores that who only wanted to give others theirs. I love you regardless and always will. Or will you exist or will you want to stay in your state of wants?

44. I love you all. This is the choice before you all, this day, these days end, what will you be made of now, fodders in other's schools? Or will you be the King? I love you all. Amen.

45. This is Theodore Cottingham at 5:19 AM. Thank you.

Amen
